

Femmes et Vins du Monde Concours International™
Women and Wines of the World International Competition®

Wines of the World tasted exclusively by Women

MONACO
APRIL 22-23, 2010

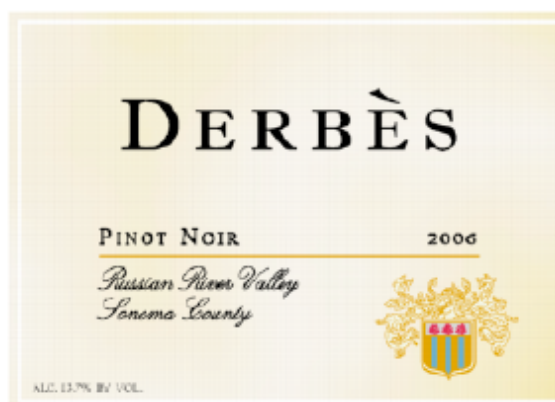

<http://www.femmesetvinsdumonde.com/>

This competition is intended to highlight the intrinsic qualities of wines from specific geographical areas and to award those wines of outstanding quality and exceptional expression of their appellation or origin. The samples were presented in an anonymous fashion to five judging panels. Each wine tasted was scored individually and not comparatively.

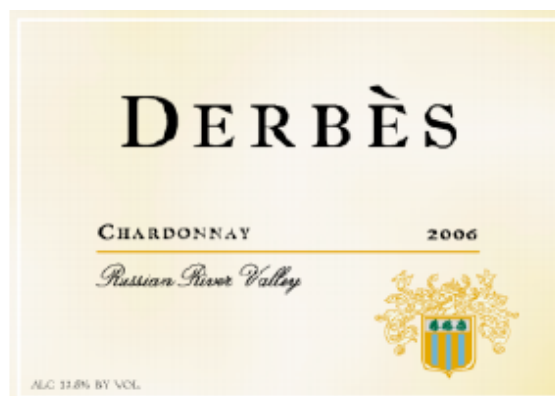

250 samples from 17 countries were judged by women of 21 different nationalities, representing a broad cross-section of the international wine industry: winemaking and vine growing, sales, promotion, marketing, education, communication (media), and trained amateur wine experts.
